16:00 Istanbul | 22:00 Seoul | 23:00 Sydney

# Recognizing Red Flags for Organ Trafficking

WORLD DAY AGAINST TRAFFICKING IN PERSONS 

## Objectives

-  To highlight the importance of recognizing red flags as a tool for preventing incidents of organ trafficking
-  To enumerate suggested red flags identified from the published literature and our crowdsourcing
-  To demonstrate specific examples when the recognition of red flags was successful in preventing a potential trafficking incident
-  To identify ways how clinicians and organizations can respond to red flags and how governments can utilize red flags into their policies and procedures
